DETAILED ACTION

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 03/08/05 has been entered.

Response to Arguments

2. Applicant's arguments with respect to claims 1, 2, 4, 5 and 16-19 have been considered but are moot in view of the new ground(s) of rejection.

Claim Rejections - 35 USC § 103

1. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

2. Claims 1-20 are rejected under 35 U.S.C. 103(a) as being unpatentable over Brunelle in view of Jones et al.

The Applicant is referred to the description of Brunelle and Jones 041' in the first Office action.

The patent to Jones 041' teaches that when a player's hand has at least a predetermined winning arrangement of cards, (e.g. Six, seven and eight of the same suit, Three 7's), the player attains at least a first bonus amount level (e.g. 100 tokens, 50 tokens) on the player's placed optional side bet bonus wager, col. 3, line 47 to col. 4, line 8. In Brunelle's game each player is dealt three cards. In view of such teaching, it would have been obvious to modify Brunelle's game by including a step of providing a player a first bonus amount level if a player's three card hand comprises a predetermined winning arrangement of cards such as Six, seven and eight of the same suit (100 tokens won) or Three 7's (50 tokens won). The Six, seven and eight of the same suit is considered a poker rank (straight flush), and the three 7's is considered a poker rank (three-of-a-kind). This modification would have given the players the perception of more opportunities at winning in Brunelle's game, this making Brunelle's game more attractive.

In regard to claims 3, 6-8 and 13-15, the Applicant is referred to the teaching of Jones 041' in the first Office Action and how the teaching was applied to Brunelle.

3. All claims are drawn to the same invention claimed in the application prior to the entry of the submission under 37 CFR 1.114 and could have been finally rejected on the grounds and art of record in the next Office action if they had been entered in the application prior to entry under 37 CFR 1.114. Accordingly, **THIS ACTION IS MADE FINAL** even though it is a first action after the filing of a request for continued examination and the submission under 37 CFR 1.114. See MPEP § 706.07(b). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
